

# MAZING WITH MAZES

Welcome  
Mazes

# Welcome

In this document you'll find the Key of 3 mazes for you to try. Along with the **Quickstart Rules** document, you can dive into the “*Mazing*” experience as quickly as you download these documents and get started.

## Setup

You have two options:

- Download a guide grid from our website, print it out, and use it to draw the maze.
- Or, if you want to jump right into the action, which is what we recommend, just grab any graph paper notebook. On a blank page, draw your reference grid. Keep in mind that each maze cell should occupy a **3x3** square area on your notebook. Label the columns as A, B, C, D, etc., and the rows as 1, 2, 3, 4, etc.

You're all set to begin!
